Continuing Education Credit-Manual Processing Form

New Jersey requires each resident individual producer licensee to complete a minimum of 48 hours of continuing insurance education prior to license renewal. Approved education providers are required to electronically submit course completion records to Promissor, Inc. within 30 days of course completion. Contact your insurance education provider for courses completed over 30 days ago and not contained in Promissor's website record. **This form is provided only for those producers who have failed to complete the continuing education course requirement prior to the 15th of the month in which the license expires.** Prior to submitting your license renewal application you should print a continuing education credit record from Promissor's website at www.promissor.com and attach the printout with any non-included course completion certificates for submission to this office. You should not send these documents with your renewal application but mail them separately to this office. You may also fax these documents to our office at (609) 984-2792.
